

DAN Family Reunion 2019

INTRODUCTION

In 2015 DAN-UK hosted the Family Reunion in Pocklington near York in the north east of England. This was a very memorable event and since then we have had many requests to go back.

WELL GUESS WHAT - WE ARE GOING BACK

In the summer of 2019 we will return to Pocklington for another great week of Aikido in a beautiful part of the country with friends and fellow Aikidoka from home and abroad.

This is very exciting, to say the least. One of the benefits of these courses is the very welcoming nature for those who have never been before. So if you have never done a Family Reunion course before, this is definitely the one for you. So come along, join in and share the magical experience both on and off the tatami.

TRAINING

The dojo will be in the school sports hall, a converted old train station platform almost Harry Potter style. It really does add a very special uniqueness to the occasion.

During the week there will be 18 hours of general training and a further 4 hours black belt training. In addition grading opportunities for those interested.
